

CHURCH ISSUES CALL  
FOR UNITY COVENANT

Congregationalists Think Religious Readjustments Should Accompany Arms Conference.

NEW HAVEN, Dec. 2.—What is termed "a call for a covenant of church unity" was issued by the Commission on Unity of the Congregational churches, declaring a readiness of the commission to confer with representatives of any other churches "concerning realignments or unification of our respective forces and ministries." The call is signed by the Rev. Nehemiah Boynton, Chairman; the Rev. Dr. Newman Smyth, pastor emeritus of Centre Church, New Haven, and Prof. Williston Walker, provost of Yale University.

The call in part says: "At this time, when the leading nations of the world are entering into a covenant of ten years for the readjustment of their military forces for the purpose of keeping the peace of the world, shall not the churches of Christ do likewise?"

The call says that the objectives for combined action will be:

1. The fellowship of the members of any church in and with the members of all churches.

2. The mutual recognition and utilization of the ministry of the different churches for common needs and service to all.

3. The offering thereby of larger fields and greater incentive to enter the ministry to our young men, as well as limiting the number of ministers required for effective home service when one may be better than two or more.

4. More gradually, but possibly within the period of this ten years' covenant of peace, such consolidation or combinations of the educational institutions and their means, of the different communions, might be brought about as would prove advantageous for the best education and fellowship in their studies of the ministry of the different churches.

5. Any philanthropic, social, mission or federated work of the churches.

## FORD'S RAILROAD HIT.

One Hundred and Fifty Employees Laid Off for December.

SPRINGFIELD, O., Dec. 2.—Henry Ford's railroad, the Detroit, Toledo and Ironton, has been hit by a slump in freight business. As a result an order became effective today laying off 150 employees for the month of December. The Springfield office, round house and yard force are affected.

Between Napoleon and Ironton, fifty-nine section men were given a month's vacation. The order reduced the number of operators and, in several cases, agents will handle the keys this month as well as look after regular business.

## DYED HER FADED SKIRT TO MAKE CHILD A DRESS

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.—Adv.

## IF HEADACHE IS DUE TO DEBILITY

Gude's Pepto-Mangan Restores the Blood to Natural Vigor.

Many people who suffer from headaches never find the real cause. They do not know that a condition of debility, with blood thin and watery, is likely to cause ailments of any kind. Headaches are frequently brought on by a weakened condition. The body is more sensitive to pain and until the blood is healthy it is almost impossible to establish a cure for headaches. It is of the utmost importance to build up the blood first. People subject to headaches are usually in a more or less run down condition.

A course in Gude's Pepto-Mangan, taken in either liquid or tablet form, builds the blood, restores it to its natural normal state, full of red corpuscles, the little cells which make blood red in color. Thousands of people are finding that headaches are due to nothing but a weakened condition caused by impure blood clogged with poisons. Buy Gude's Pepto-Mangan of your druggist. He has it in liquid and tablet form.—Adv.
